STRONG
LIGHT & DRY

The most advanced technology used in touring caravan engineering.

The first and only fully-bonded construction system for touring caravans. SoliD Construction uses a chemical bonding process which is used in Formula 1, aircraft and marine construction.

THE ADVANTAGES OF SoliD

**STRONG** - Solid Construction means our caravans offer industry leading integrity and rigidity.

**LIGHT** - Fully bonded construction enables lighter vehicles which improves fuel consumption.

**DRY** - Waterproof joints and 95% fewer exterior screws create an impenetrable water barrier.
