

Elddis Crusader Superstorm

AT A GLANCE: *A fantastic family layout, lots of equipment – and lots of floorspace in the lounge*

Specification is high in the flagship Crusader range – hence the price and hefty weight. You get a 175-litre fridge with separate freezer, a 40-litre onboard water tank and a lot more.

But it's the layout that made us choose the Superstorm for this selection. That lovely L-lounge gives you a small seat under the deep offside window, useful at mealtimes.

The Superstorm's unique feature is that, although family dining in an L-shaped lounge can be difficult, it doesn't matter here – because you have an enormous dining area at the rear. The best of all worlds, then – great lounge and somewhere six can dine together in comfort.

Each of the bunks that rise above the rear settees has high wooden guards to prevent occupants falling out. A true family caravan – and one of the best.

£20,449

SPECIFICATION

- Berths: 6
- Axles: 2
- MRO: 1642kg
- MTPLM: 1900kg
- Overall length: 7.96m
